RESPONSE TO RESTRICTION REQUIREMENT

Honorable Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In response to the Official Action dated February 25, 2004, applicant elects with
traverse claims 1 – 16 drawn to a pattern grooving machine, classified in class 83,
subclass 877.

REMARKS

The Examiner has required an election between apparatus claims 1 – 16 and
method claims 17 – 22 on the ground that the apparatus as claimed can be used to
practice another and materially different process such as one that does not require a
template and additional floor covering which covers the template. In making the
requirement, the Examiner has viewed the claimed method in the abstract and has not
established that “another and materially different process” which does not require a

template and additional floor covering which covers the template can in fact be utilized for forming decorative patterns in floor coverings. The Examiner has failed to show how the apparatus can be used in such a materially different process.

In view thereof, reconsideration and withdrawal of the requirement for restriction are respectfully requested.

Respectfully submitted,
